

EAST COAST SHADES

A shade better than the rest!

david morrison 0413 408 773

cathy morrison 0412 551 485

directors

EAST COAST SHADES have been operating in Queensland for 14 years, specialising in shade and membrane structures.

Based on the Sunshine Coast we service unique markets which extends to Far North Queensland, Brisbane, Gold Coast and up to and including the NSW border, depending on the wants and needs of our clientele.

We design, supply and install PVC membrane sails and structures and shade knit sails for the commercial sector and offer a range of alternative designs such as framed shade structures.

EAST COAST SHADES pride themselves in offering advanced shade technology and are committed to providing the very best customer service. We use "Ferrari" fabrics, this French made fabric has the latest coating technology used to retain its shape, colour and longevity.

It offers very good warranty on its fabrics giving customers the satisfaction of knowing they are using a quality product which will not fail.
